Situatedness 1

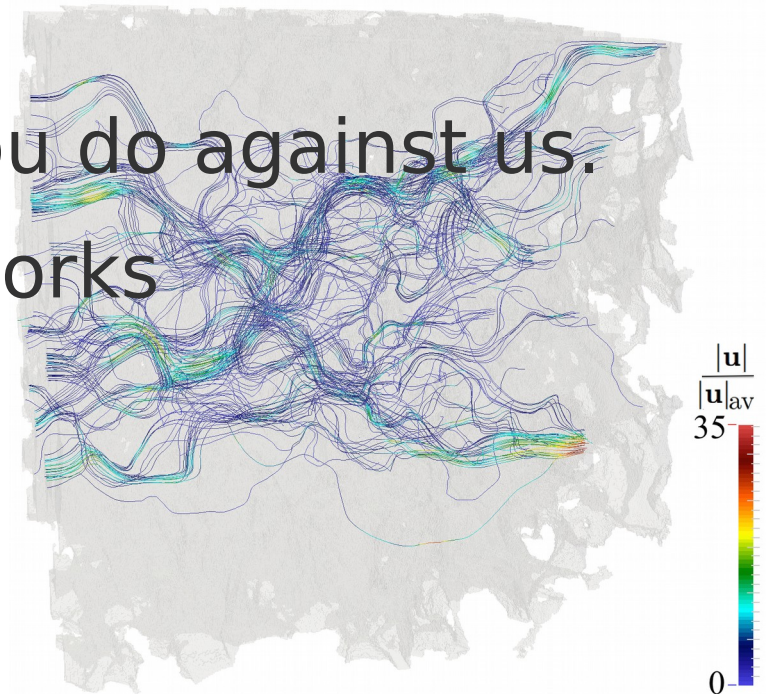

Most of us are of western European descent

→ A few exceptions

→ We're counting on you

What you do without us, you do against us.

Bring back to existing networks

Plans

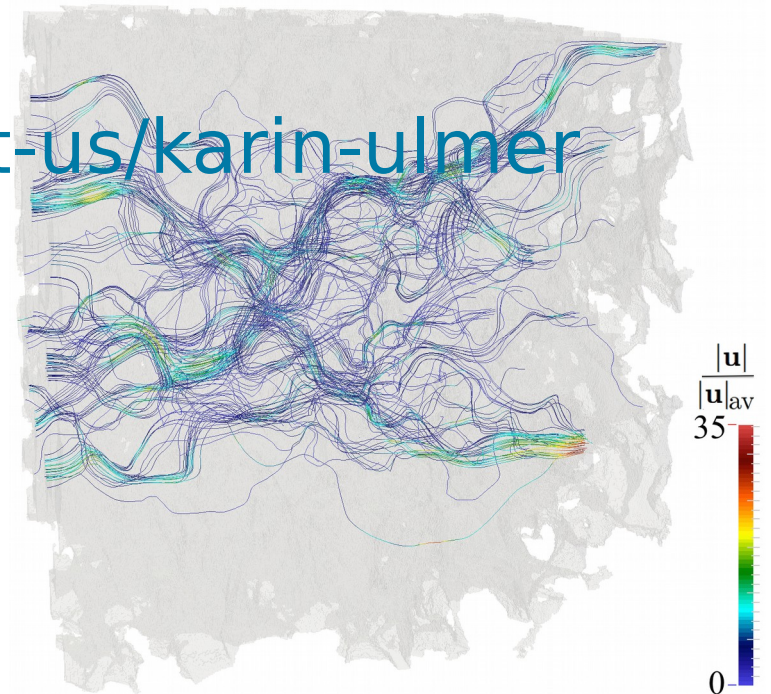

Marisa Duarte

Karin Ulmer

<https://www.ictsd.org/about-us/karin-ulmer>

More is welcome

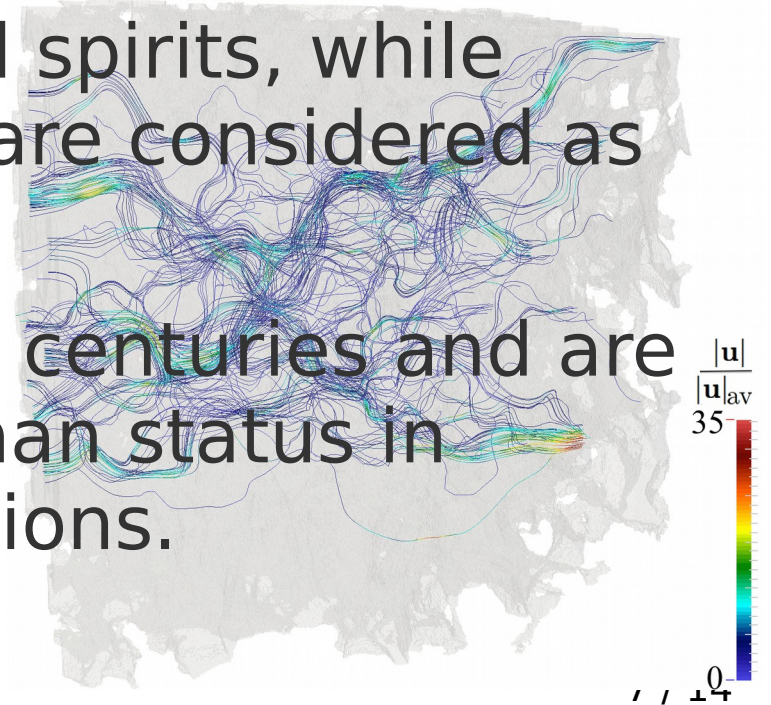

Situatedness 2

Mustafa Syed Ali, Open University London

<http://www.open.ac.uk/people/sma78#tab1>

→ We are proposing to look at non-human agency as trees, stones and spirits, while there are still humans who are considered as non humans by the system.

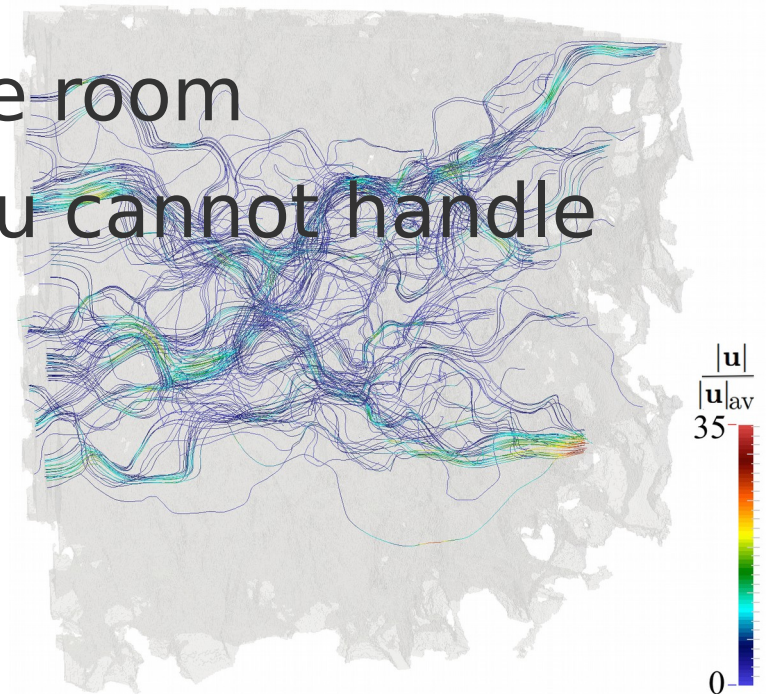

They have been fighting for centuries and are just about to gain their human status in academia and other institutions.

Reminder

While working with spirits, trees, stones and technologies:

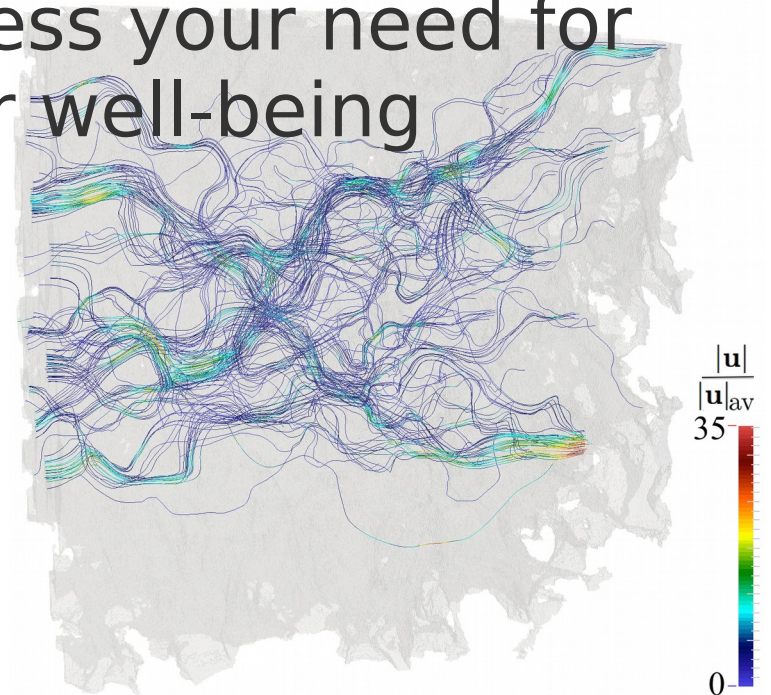

- Work from the heart
- Support the whole
- Judging? Please leave the room
- Find one of us in case you cannot handle the three aspects above

Guides

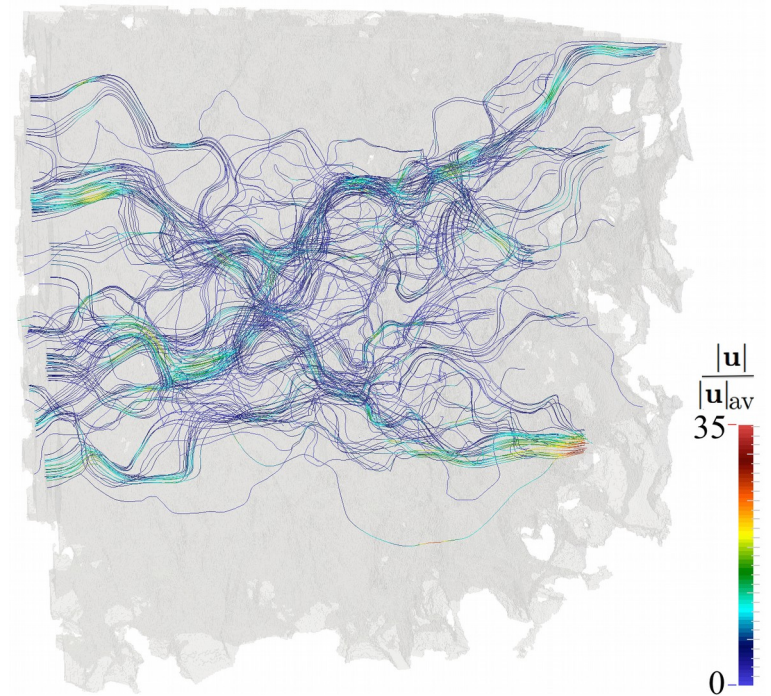

- Anne-Laure Buisson
- An Mertens

→ We count on you to express your need for help in order to assure your well-being

Experimentation

→ No pressure for production

Documentation

Document as much as you can

→ notes, pictures, sound, video...

Etherbox!
